

VISAKHAPATNAM PORT AUTHORITY  
TRAFFIC DEPARTMENT

\*\*\*

No. ITRA/GEN/FMISC  
Dt. 21.11.2022.

ALL PORT USERS

CIRCULAR 1541

Sub: Short term improvement and routine maintenance of Visakhapatnam Port Connectivity Project Corridor from Convent Junction to Sheelanagar km 0.000 to 10.336 and Main Flyover with Ramps in the State of Andhra Pradesh for a period of 3 years – materials / debris / slurry falling from the overloaded vehicles on the Highway – Request to take necessary action to stop overloading of the same – Reg.

Ref: 1. TM's Circular No.1508, Dt.22.09.2022

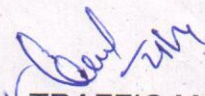

2. CE's Lr.No.IENG/SE-III/NHAI/Phase-1/Pt.XXV/721/2022, dt.04.11.2022

-----

With reference to the above subject cited, the trade is hereby informed to take necessary precautions to prevent overloaded heavy vehicles plying on the port road and to ensure that they are leak proof as the excess material falling from vehicles is causing hazards to the road users.

Please take note that, the cargo carrying vehicles are leak proof and any excess cargo falling from vehicles on to port road is a matter of serious concern of road safety while causing inconvenience for movement of heavy cargo vehicles.

Hence, it is requested to take necessary precautions & strict compliance for preventing spillage while cargo transportation.
